Opportunity- Country house only 3 km. from the village of Jalón with beautiful views to the mountains. The property has been recently refurbished with all windows replaced, new roof, wooden pergola, terracotta floors, dry stone walls and fireplace. It has no interior distribution so the client can design his own house. It needs solar panels and water deposit system as it does not have connections. Its location gives it an important potential due to its proximity to the village and all its services. It is advisable to visit it to appreciate the charm of its views and its quiet location.
